

SOFT STUFF PROMOTIONS

est. 2009

...SAY WHAT? A SPEC FOR \$25, FREIGHT INCLUDED?

"Indeed, a speculative sample! Send us your logo and we'll provide you with a speculative sample, shipping included, for only \$25."

"Which Plush are Included?"

"Discover our wide range of MiniMe promotional plush toys! With 24 different models in stock, we surely have the perfect plush toy for your client. Offer them something cute and memorable for their business!"

"Why a Spec Sample?"

Using a speculative sample of promotional plush toys allows your client to physically see and touch the product, thereby assessing its quality and visual appeal before placing a larger order. This reduces risks and increases the chances of success for the promotional campaign, while also demonstrating your commitment to customer satisfaction.
